

One in four adults experiences a mental health disorder each year

October 2, 2017 at 6:30pm

Nadeau Hall Conference Room
at UMFK

NAMI Maine, the Behavioral Science Program at UMFK and the Aroostook Mental Health Center invite you to join us for a Community Conversation in recognition of Mental Illness Awareness Week

Mental Illness Awareness Week (October 2nd – 7th)

Join us for an overview of NAMI Maine programs followed by a question and answer period. Hear two inspirational stories of how mental health challenges impact people's lives.

Email:

cbrown@amhc.org (AMHC) or shawn.graham@maine.edu (UMKF) with questions or for more information.

NAMI, the National Alliance on Mental Illness, is the nation's largest grassroots mental health organization dedicated to building better lives for the millions of Americans affected by mental illness. NAMI Maine presenters will give an overview of the many ways it supports individuals with mental disorders and their families throughout the state of Maine.

AMHC is a behavioral health agency whose mission is to provide integrated healthcare services that maximize an individual's potential to recover and improve their quality of life. Information about the services AMHC provides will be available on-site.

The Behavioral and Social Science programs at the University of Maine at Fort Kent align with the strategic directives of the university by providing professional education and career pathways that serve the needs of rural Maine.

Making a difference in your community every day
