

COMMUNITY CARE TEAM (CCT)

Washington & Hancock Counties

AMHC

www.amhc.org

Assisting our clients with chronic health conditions to live healthier and happier lives in their own homes.

In partnership with Bucksport Regional Medical Center, Harrington Family Health Center, Eastport Health Care, St. Croix Medical Health Center, and Regional Medical Center in Lubec.

Community Care Team (CCT) supports clients in meeting their treatment and recovery goals, avoiding repeated emergency room visits, hospital stays, and multiple doctor appointments. Appropriate clients are those with multiple chronic conditions such as COPD, diabetes, and obesity. There are no fees for the service.

OUR SERVICES

Our caring team serves eligible MaineCare adults and children and offers the following:

- In-home nurse visits and medication education
- Transitions from hospital to home or to a rehabilitation facility
- Education to help with healthy eating and weight management
- Individual and family caregiver support
- Referrals to other community resources as needed
- Transportation coordination as needed

REFERRALS

MaineCare eligible adults and children who receive services from one of the following medical centers may qualify for assistance. For a referral to the Community Care Team (CCT) program, please reach out directly to your healthcare provider.
