

CCBHC CARE COORDINATOR

Aroostook, Hancock, and Washington Counties

AMHC

www.amhc.org/CareTeam

Certified Community Behavioral Health Clinic (CCBHC) Care Coordinators help individuals and families navigate mental health and substance use services.

What is a Care Coordinator?

Certified Community Behavioral Health Clinic (CCBHC) Care Coordinators at AMHC help individuals and families navigate mental health and substance use services. Our CCBHC Care Coordinators work with you, your loved ones, and providers to create personalized care plans, stay connected to resources, and ensure no one feels alone.

How We Support You

Our Care Coordinators work directly with you, your family, and your service providers to:

- **Develop a personalized care plan** tailored to your health goals.
- **Support transitions of care**, such as after hospitalization or between providers.
- **Help schedule appointments** and coordinate follow-ups to ensure services are delivered and your needs are met.
- **Connect you with community resources**, such as housing, transportation, or peer support.
- **Monitor your progress** and adapt your care plan as your needs evolve.

Our Focus

- Empowering your choices in care
- Supporting you and your family
- Building bridges between providers
- Avoiding gaps and duplication in services

No referral needed. Just reach out.

This service is available across Aroostook, Washington, and Hancock counties.
